BENEFITS – WHERE DO WE ADD VALUE?

SYNERGY OF FINANCIAL & LEGAL SERVICES

MCP Group provide a range of dedicated services to you as one team. Instead of referring business away to non-integrated advisory firms, we can help protect your relationship with your clients by providing a high calibre integrated service.

A PERSONAL RELATIONSHIP WITH YOU

MCP Group was founded on the service premise of personal relationships. We are not an internet based transaction system and we will talk through all transactions and provide education for your staff.

AN OPPORTUNITY FOR YOU TO PROVIDE EVEN GREATER SERVICE

The MCP Accounting Partner program allows you to provide Financial and Legal services directly to your client saving them time and money. We provide you with the training and support for you to do this successfully.

REMUNERATION

The MCP Accounting Partner program provides a rebate of remuneration for certain services. This provides an opportunity to grow a substantial income stream and annuity asset.

This is available on a range of services including:

- Mortgages and Finance
- Commercial and Equipment Finance
- Financial Planning (including Income and Life Protection Insurance)
- Company and Trust Formations.

LEGAL SUPPORT

All MCP Accounting Partners receive free telephone legal support to workshop issues that may be confronting you or your clients, from structuring, asset protection, corporate law or general commercial matters.
